A husband, father, grandfather, practicing optometrist, and local businessman, “Dr. Ed” (as he is known to his patients) has spent his life bringing quality eye care to predominantly low-income communities. As a health care provider, the need to improve access to health care for all Californians is what first drove him to run for office.

Since being elected to the Assembly in 2006 and the Senate in 2010, Dr. Ed Hernandez has been a leader on the implementation of federal health care reform – helping expand access to affordable health care, control costs, and improve the network of providers so people can actually get quality care when they need it. Dr. Ed has been a champion by expanding educational opportunity to qualified students overlooked by our public schools and universities, as well as a major proponent for government reform, including fixing a broken initiative system too often hijacked by billionaires and wealthy corporations. Dr. Ed Hernandez is running to take this experience, leadership, and vision to the next level by serving the people of California as their Lieutenant Governor.
