ASSEMBLYMEMBER LAURA FRIEDMAN ENDORSES GAVIN NEWSOM FOR GOVERNOR

CALIFORNIA – Today, Assemblymember Laura Friedman (D-Glendale) announced her support of Lt. Governor Gavin Newsom for Governor.

"Gavin is the forward-thinking and progressive champion California needs," said Friedman. "Gavin hasn't just talked the talk. On everything from gun safety to marriage equality, he's stuck his neck out and shepherded sweeping reforms that have helped real people. As mayor of San Francisco, he was an early and outspoken advocate for paid family leave, and, throughout his career, he has fought tirelessly to ensure every Californian has the opportunity to succeed. At a time when our state and our communities are under near constant attack from the Trump Administration, Gavin is the candidate I trust to boldly lead our state and defend our progressive values."
