

Friend,

FOX 11 News Los Angeles just did a profile on me and our campaign to take back California.

In case you didn't see it, I wanted to give you a chance to watch their report and see why I truly think a Republican can once again become Governor of California and return our state to greatness.

I love this state. It is my home. And that's why I'm fighting to save it.

Under Governor Ronald Reagan and the other Republican Governors who

followed him, California was the state of opportunity.

I believe we can make it so again, but I need your help.

[After you watch the FOX 11 News report above, please chip in with a campaign contribution of \\$25 or more and help me take California back!](#)
