

Hi guys!

As you're going through the filings, I wanted to make sure you saw that Dr. Asif Mahmood has a 3-1 advantage in the Insurance Commissioner's race based on today's reports. In 2017, he pulled in an impressive \$1.405 million in 2017 and ends the year with more than \$1 million available for the Insurance Commissioner's race.

In comparison, his opponent Senator Ricardo Lara has only \$305k on hand. Also, I noticed that Lara campaign is burning their money at an alarming rate – having already drained almost 90% of the money brought in over the last six months. His total raise of \$749k in 2017 is barely half of Dr. Mahmood's.

Let me know if you have any questions or if I can provide any more info,

Ellie
