KATIE PORTER LAUNCHES “MINIVAN” AD IN CA-45

Irvine -- Leading congressional candidate Katie Porter today launched her second ad of the primary highlighting her track record of taking on the big banks on behalf of Orange County families - and winning. You can watch the full spot [here](#).

The ad will air in addition to the [Two Senators](#) spot featuring Senator Kamala Harris and Senator Elizabeth Warren that has been airing on cable and digital throughout the 45th Congressional district since April 3rd.

Script:

I'm Katie Porter.

I'm a Consumer Protection Attorney, UCI Professor, and Cub Scout Mom.

I've spent the last decade fighting big banks that take advantage of middle-class families.

I won \$18 billion for homeowners and helped thousands of families keep their homes.

I'm Katie Porter, and I approve this message because if you send me to Congress, I'll hold Donald Trump and big corporations accountable to Orange County families.

Katie earned early endorsements from Senators Kamala Harris and Elizabeth Warren and was the first House challenger to receive the endorsement from EMILY's List. She has also earned endorsements from End Citizens United and the Progressive Change Campaign Committee, among many others. A full list of endorsements can be found [here](#).
