## **California Chamber of Commerce and dozens of business organizations and local chambers of commerce OPPOSE Proposition 6 – the Attack on Bridge and Road Safety**

***Ballot measure would eliminate thousands of road and bridge safety, congestion relief, pothole repair and public transportation projects currently underway throughout the state - killing jobs and hurting the California economy.***

**SACRAMENTO** – Today, the [No on Proposition 6](#) campaign announced that the California Chamber of Commerce is joined by nearly 50 state and local business organizations and chambers of commerce opposing the measure that would eliminate more than \$5 billion annually in existing transportation funding. Business leaders from throughout California are opposed to this measure because it would eliminate funding for more than 6,500 transportation improvement projects currently underway in every community throughout the state – hurting our economy, killing tens of thousands of jobs, and making it harder to get employees to work and goods to market.

**Allan Zaremborg, President and CEO, of CalChamber, said:** “Reliable transportation infrastructure is vital to businesses moving goods and for their employees getting to work. Prop 6 would eliminate revenues already flowing to every city and county to fix potholes, make safety improvements and ease traffic congestion. It would directly hurt job creation and jeopardize more than 68,000 good-paying jobs and \$183 billion in economic growth.”

Business opposition to Proposition 6 is growing daily. The following business organizations oppose Proposition 6:

- California Chamber of Commerce
- California Alliance for Jobs
- California Building Industry Association
- California Hispanic Chamber of Commerce
- CalAsian Chamber of Commerce
- California Trucking Association
- Regional Economic Association Leaders of California (R.E.A.L. Coalition)
