California State Treasurer John Chiang Endorses Malia Cohen for Board of Equalization, District 2

September 27, 2018

SAN FRANCISCO – California State Treasurer John Chiang announced his endorsement for San Francisco Board of Supervisors President Malia Cohen for the Board of Equalization, in District 2.

“Malia Cohen has the financial experience to get results and will fight to even the playing field for working Californians. Cohen is a capable leader with the vision needed to bring transparency, fiscal responsibility, and accountability to the Board of Equalization at a critical juncture. She will ensure that special interests pay their fair share of property taxes and will be an advocate for small businesses -- that is why I'm proud to support her candidacy.”

State Treasurer John Chiang joins a long list of endorsers for President Cohen, including the CA Democratic Party, U.S. Senator Kamala Harris, U.S. Senator Dianne Feinstein, the California Federation of Teachers, the California Professional Firefighters, the California Nurses Association, current Board Member Fiona Ma, and State Controller Betty Yee, among others.

“I’m honored to receive the endorsement of State Treasurer John Chiang, a dedicated leader who has worked to ensure our economy works for all Californians,” said President Cohen. “I am humbled to have earned his support in my candidacy.”
