ICYMI: Kevin Kiley Earns Perfect Score from the Howard Jarvis Taxpayers Association

SACRAMENTO, CA - - In case you missed it, California's leading taxpayer protection organization, the Howard Jarvis Taxpayers Association, released its annual scores for members of the California Legislature. The scorecard is released annually to help Californians gauge how their representatives are performing on taxpayer-related issues.

Republican Assemblymember Kevin Kiley was only one of a small handful of representatives to receive a perfect score of 100 on behalf of California's taxpayers.

"Throughout my time as a representative for this area, I'm proud to have worked with the Howard Jarvis Taxpayers Association to protect taxpayers from a very hostile legislature," said Kevin Kiley. "There are some lawmakers who view taxpayers as a blank check and I'm working to make sure taxpayers have a voice."

You can view the scores for all members of the California Legislature by visiting the Howard Jarvis Taxpayers Association [website](#).
