Castle Air Force Base and other Merced County Assets

*Presentation by Supervisor Daron McDaniel and Supervisor Lee Lor*

Castle, formerly the Castle Air Force Base, has been reimagined as the Castle Commerce Center. Through their partnerships with the University of California and Port of Los Angeles, Castle aims to be a major center of regional commerce, manufacturing, and goods movement.

Revitalization of Merced

*Presentation by Merced Mayor Mike Murphy*

University of California, Merced: An Update

*Presentation by E. Edw. Klotzbier and Brian O'Bruba*

*Quality of Life in Merced and Working Remotely*

*Presentation by Aaron and Sara Hill*

Two Valleys, One Workforce: How a San Francisco couple was able to find the life they wanted while working remotely for the companies they loved. The modern work experience; telecommuting and living in and being a part of a growing town.

Advancements in Ag Tech

*Presentation by Danny Royer, AgTech Insight*

AgTech Insight is a leader in full-spectrum agriculture technology consulting services. The team tracks over 3,000 digital AgTech companies around the globe to work with real companies to make a huge impact on the world's food supply. Founded in 2014, the company began as a bridge to help the two very different agriculture and technologies industries collaborate.

3:00 pm Closing Remarks

3:30 pm Tour of Google Campus (*Open to Merced Boosters, Elected Officials, and their Staff*)
