## **Sarah Davis polls ahead on Campaign for the 78th California State Assembly District**

Independent polling shows Sarah Davis as the leading candidate to replace Todd Gloria for CA 78

SAN DIEGO, CALIFORNIA — Sarah Davis is polling ahead of all candidates in the 78<sup>th</sup> Assembly District. She has been out in the community, knocking on doors and meeting voters at events and local gatherings. The poll confirms the positive response Sarah Davis has been receiving when talking to voters about her background as a women's health care advocate and her roots in San Diego. The Davis campaign believes that Davis, a first-time candidate, outpolling a member of the San Diego City Council by 2-1 demonstrates Sarah Davis's appeal with voters.

"I am not part of the establishment, I'm not part of the good old boy network. I am committed to listening to you - my neighbors all over the 78<sup>th</sup> district – and making sure your voice is heard in Sacramento." – Sarah Davis

Working as a licensed midwife and at her family business in Hillcrest, Sarah has experienced the shortcomings of our healthcare system and the effect homelessness and lack of proper care have on our businesses and communities.

She is committed to working for universal single payer health care, paid family leave, access to midwives, primary health care providers, and care for seniors. She'll fight for all care workers, ensuring that the care providers can make a dignified living wage and afford housing in their communities. She will work to end mass incarceration, because families belong together and free.
