## ANNE KEPNER WINS THE ENDORSEMENT OF THE SIERRA CLUB

Today, Anne Kepner's campaign for Assembly District 25 announced the endorsement of the Sierra Club, one of the nation's longest running and most influential grassroots environmental organizations.

"Anne Kepner is the clear choice to defend our environment and deliver clean water and clean air for our communities," said **Mike Ferreira and Toni Wise, Sierra Club Political Chairs for Assembly District 25.**

“Anne has spent her professional career fighting the harmful effects of dangerous pesticides and other toxic substances and knows what’s at stake for California’s children and families if we do not stand up to the Trump Administration’s assault on our environment and against the existential threat posed by climate change. In the State Assembly, Anne Kepner will be a champion for current and future generations.”

The Sierra Club, through its grassroots nature, is an important and effective environmental advocacy group whose mission is to practice and promote the responsible use of the earth's ecosystems and resources while educating and enlisting individuals to protect and restore our natural environment.

**Anne Kepner said:** “Our nation and world are at a crossroads, with the impacts of human-caused climate change wreaking havoc on our natural environment, our children’s health, and the very future of our planet. In the Assembly, I will never stop fighting to protect our environment and hold polluters accountable, just as I have done throughout my professional career.”

The Sierra Club joins a growing list of endorsers who have thrown their early support behind Kepner’s campaign for Assembly, including the California Nurses Association, Fund Her, Democratic Congresswoman Anna Eshoo, State Senator Jim Beall, and others.

The Primary election for AD 25 will be held on March 3, 2020.
