MEDIA ADVISORY

Docket #: R.12-06-013

CPUC TO HOLD RESIDENTIAL ELECTRIC RATE SUMMIT

SAN FRANCISCO, November 26, 2019 - The California Public Utilities Commission (CPUC) will hold a Residential Electric Rate Summit to hear from utilities about their transition, plans, and outreach efforts for residential time-of-use rates.

WHAT: CPUC Residential Electric Rate Summit

WHEN: Friday, December 13, 2019, 10:30 a.m. – 4:45 p.m.

WHERE: CPUC Auditorium, 505 Van Ness Ave., San Francisco, CA 94102; also available via webcast at www.adminmonitor.com/ca/cpuc

See the agenda below.

BACKGROUND

The CPUC opened proceeding [R.12-06-013](#) to examine core principles of electric rate design, California's rate structures, and recommendations for future modifications to California rates. In July 2015, the CPUC issued [D.15-07-001](#), which adopted several significant residential rate reform measures and established steps to transition California's default residential rate structure from tiered, non-time-varying rates to time-of-use rates starting in 2019.

There will be an opportunity for public comments at the workshop.

While a quorum of Commissioners and/or their staff may attend, no official action will be taken on this matter at the summit.

For more information on electric rates, please visit www.cpuc.ca.gov/electricrates.

If specialized accommodations are needed to attend, such as non-English language interpreters, please contact the CPUC's Public Advisor's Office at public.advisor@cpuc.ca.gov or toll free at 866-849-8390 at least three business days in advance.

To receive electronic updates on CPUC proceedings, sign-up for the CPUC's free subscription service at <http://subscribecpuc.cpuc.ca.gov>.

The CPUC regulates services and utilities, protects consumers, safeguards the environment, and assures Californians' access to safe and reliable utility infrastructure and services. For more information on the CPUC, please visit www.cpuc.ca.gov.
